

MIGS

- The number of glaucoma surgeries that could be considered MIGS expands every year, **picking the right procedure can be challenging.**

AAO

Which of the MIGS procedures or devices have you personally used?

- 1. Trabectome
- 2. ECP
- 3. iStent
- 4. All or at least 2 of the above
- 5. None of the above

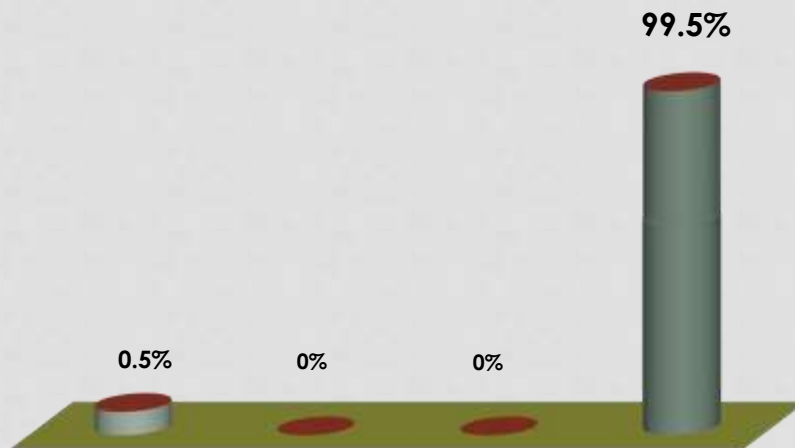

Which of the MIGS procedures or devices have you personally used?

- 1. Trabectome
- 2. ECP
- 3. iStent
- 5. None of the above

Which of the MIGS procedures or devices have you personally used?

1. Trabectome
2. ECP
3. iStent
5. None of the above

QUESTIONS

- 1- Which MIGS procedures and how many should we learn?
- 2- How do we choose the best MIGS procedure for a given patient?
